

## Dear Parents / Carers,

I hope you and your families are all well and continue to be well and that you enjoy a restful bank holiday weekend.

## Phone calls

It has been so lovely speaking to you and your families this week and finding out how you are getting on with your home learning! I hope you and your children enjoyed speaking with your class teachers this week. I know the teachers loved being able to speak with the children at home. If you haven't had a call yet then expect your call next week. I know that some children are starting to miss friends and the routine of school. Please always feel free to message us at school and we can always arrange for teachers to give children a call if you think it will help.

## Bug Club

It is great to see so many of you logging in to Bug Club as part of your home learning. We are missing handing out certificates in school each week to celebrate our Bug Club superstars so are going to continue with this whilst you are at home! To make it even more exciting, there will be two chances to win each week! One from EYFS and KS1, and another from KS2! Those of you who show you are logging on, completing books and answering quizzes will have the chance to be our weekly Bug Club Superstar and win the Virtual Certificate from Miss Harris! Good Luck Everyone!

## Numbots

I hope you have all had a chance to try out the new online maths resource Numbots. Numbots is linked to Times Tables Rockstars but is for Addition and Subtraction calculations. You can login in by pasting <https://play.numbots.com/#/account/school-login/24816> into your web browser, using the same login details you would for Times Tables Rockstars. We have access to this until 22nd June 2020. I hope you find this resource useful.

## A message for our Year 6's

We have a special message for our Year 6's on the next page.....

## A message to our Year Sixes

As time grows closer to this certain week in May,  
The days are a little different so we just wanted to say...  
The world's been flipped upside down and education's halted,  
But we are always here for you; you'll always be supported.

SATs don't measure sports, SATs don't measure art,  
SATs don't measure music, Or the kindness in your heart.  
SATs don't see your beauty, SATs don't see your worth,  
SATs don't see the reasons, You were put upon this earth.

SATs don't see your magic, How you make others smile,  
SATs don't time how quickly, You can run a mile.  
SATs don't hear your laughter, Or see you've come this far,  
SATs are just a tiny glimpse, Of who you really are.

So while SATs are off the table and you're spending time at home,  
Please always remember; you are never on your own.  
Spend time with family, laugh and learn, in any way you can,  
Online, cooking, baking and playing; it's all part of the learning plan!

Remember no matter how tough this time seems, you are all capable and smart,  
We believe in each and every one of you, from the depths of our hearts!

**From all of your teachers at Bulphan xxxxx**
